

(Present and Future Challenges Section) PFC Paper #3: New Revelations on the Story about the Wingmakers, the Labyrinth Group, and S.A.A.L.M

by Wes Penre, Friday, May 26, 2011

1. Abstract

Figure 1: From the original WingMakers site, now located at wingmakers.us

This is a hot potato! When I'm writing these words, I am still not exactly sure how to approach these related subjects. Many people have read the WingMakers Material (**WMM**)^[1] and many have been very inspired by it. Others have come out and proclaimed that it's all a hoax.

Here is news for everybody who reads this; *it's not a hoax.*

However, it's a pretty complicated issue, and there are a lot of organizations and agendas connected to it. So I am going to tell you the real story behind the WingMakers to the best of my ability; how it is connected to both LPG-C (Life Physics Group in California)^[2], The Labyrinth Group^[3] (allegedly in California, but a reliable anonymous source is telling me U.S. East Coast), NSA (National Security Agency), ACIO (Advanced Contact Intelligence Organization), and S.A.A.L.M. (Supreme Annunaki Assembly of Lord Marduk, Pine Gap, Australia). The last three are all connected, as we shall see. The whole WingMakers issue runs through the Military Industrial Complex and all the way to the top, as they say, but it didn't use to be that way.

Confused yet? Good, because that's what "they" want you to be. So let's see how we can hopefully make it clearer with this paper.

2. How the WingMakers "Saga" All Began

First of all, who am I to think I am able to shed some light to this confusing issue?

Well, for a couple of reasons, actually. The WMM fascinated me from the first time I read it, and has ever since. For a long time I was absolutely hooked on it, like so many other people before and after me. And when someone gets *that* hooked on it, there is more than a little truth in it. I quoted, elaborated on, and used a lot of the material on the previous version of my website, wespenre.com, and I made the connection to so many other subjects I had been researched earlier. Then,

happenstances took me on a journey which made me doubt at least some of the WMM. So I started pulling the strings and what I found out was quite astounding.

Figure 2: Chaco Canyon, New Mexico, where the Ancient Arrow site is located, according to the WingMakers Material.

But more important than that; I got much of it relayed to me from the "horse's mouth", "Dr. Anderson", who was the instigator of the WMM in 1998. I know where he is, but the circumstances are such that I can't reveal it in public at this moment. However, he has relayed to me the incredible story of the WingMakers Material.

2.1 What is Myth and what is true? Here is the Key

People have, since the first WingMakers site launched in 1998^[4], had a problem with that the WMM is supposedly both myth and truth mixed into the story line, like has been done so often by fantasy and science fiction writers. Of course, the discussions have been, what is true and what is fable?

Well, if we know how certain controlling forces work to obscure true information we also know that they often put out the truth in plain sight to blind us! It's a little mind game they are playing.

Let me explain how this was done. I know that many people who read these words have already read the WMM, whether it's the original version, the later version, or both. Either way, I urge you to read this whole paper from beginning to end, because hardly any reader of the WMM has read it from the perspective I am now going to present it.

I want to start from the beginning, with the original "Dr Anderson Interviews", published in late 1998. Once the current version was published on the Internet, the original one was taken down. Luckily, there were people like former White House employee, Fred Burke (<http://www.wanttoknow.info/>), who had downloaded the

whole original website and liked it so much that he created his own domain, <http://wingmakers.us>. Thus, the original site is still available to the public.

"Dr. Anderson" is of course a made-up name, used by a true defector from the ACIO and the Labyrinth Group. What Dr. Anderson presented in his interview with "Anne" is true in the sense that the defector told her what he knew from the level it had been presented to him within the organization in which he once belonged (see later in this paper). However, he did withhold some of what he knew and hid some of it by speaking in mythological and symbolical terms, probably both to protect himself, and due to the fact that if you want to teach a child quantum physics, you don't start him/her out with the higher math. He also changed the names of the ET group, the Corteum; a few dates, and a few other things, for what he considered, "good reasons," But my point is: Dr. Anderson was genuine.

2.2 How the WingMakers Site Was Found

For you who remember some of the early WMM, this is a refresher, and for the rest, here is the story. In 1972, according to the early material, the Ancient Arrow (**AA**) site was found in New Mexico by a few young hikers. By coincidence, they found the caverns which led deep into the mountain side. These caverns were spreading out like veins from an aorta on both sides of a long tunnel. Each side-tunnel ended in a chamber, 23 all together, and these chambers all had artifacts in them. The young hikers were in awe because they figured what they saw couldn't be of this world!

Figure 3: Chamber 4 Painting [from WingMakers.us]

The site was of course quickly taken over by the U.S. Military and isolated from the public. To make a long story short, the military came to the same conclusion as the hikers, that these artifacts, in form of out-of-this-world paintings, were something they'd never seen here on Earth before. Hence, the site was classified and the NSA (National Security Agency) took over from there and put an *Above Top Secret* stamp on the project. Out of NSA, a secret organization had branched out, possibly already in the early 1950s, when the U.S. government made treaties with alien races. This organization was called the ACIO (Advanced Contact Intelligence Organization), headquartered in Virginia (California according to the later WMM), with branches in Belgium, India, and Indonesia. The AA was incorporated by the ACIO, because they early on understood that these painting and other things they found in the chambers were not made by some old Indian tribe that suddenly may have left the area (although there were indicators that there indeed was an Indian tribe that all of a sudden, hundreds of years ago, disappeared in "thin air" in the area). The site was traced back to around 800 AD.

When they further explored the caverns and the chambers, they found other artifacts besides the paintings, such as poetry, music discs and a disc containing more than 8,000 pages with written material in a language not even the best linguists at the ACIO could decode.

The Ancient Arrow Project was put on ice for 22 years, due to that we didn't seem to have the technology to open the disc and decipher what was written on it.

However, in the earlier part of the 1950s, a young genius hit the scientific field like a torpedo. He quickly outsmarted his professors to such a degree that they didn't want to have anything to do with him; it was too embarrassing. This young man with his long hair and ponytail simply refused to buy into the current scientific dogma. He wanted to build computers powerful enough to use for time travel; like something that was taken from a science fiction novel. Of course, he didn't get much response from the academia of that time.

Although he was rejected by most professors; eccentric at best, and insane at worst; the ACIO quickly recognized his genius and hired him in 1956, when he was only 22 years old. He was literally obsessed with time travel, and no one knew for sure why he had this exclusive drive; perhaps it was a mystery even for himself.

ACIO eventually put him on this above top secret project to develop Blank Slate Technology (**BST**), which is a very specific type of time travel (he called it "Freedom Key"), which we will look into much more in a separate papers.

We need to understand that the ACIO was the primary interface with alien technologies and how to adapt them into society as well as the military industrial complex. When this young genius came into the picture, the ACIO was already savvy with some alien technologies, which they had gained access to via so called "*Technology Transfer Programs*" (**TTP**), apparently starting in 1954 (if not earlier), when President Eisenhower had an encounter with a faction of the Grays, which resulted in an exchange program where the U.S. government at the top level was given alien technology in exchange for abductions of a limited amount of humans for genetic experiments.^[5] It needs to be noted, though, that not *all* Grays agreed with this exchange, but there is a faction of them, as mentioned in previous papers, whose purpose is to further develop their own genetics, using human DNA to help them accomplish this. The experiments done on abductees (mostly without their conscious consent), are often executed without even using anesthesia. In the abductors own non-emotional state of mind, they look upon the human species as laboratory rats; no more, no less. However, we have traits in our DNA/RNA which are interesting to them; we have feelings and emotions! These are ancient traits which were put there by our original seeders, the Lyrans and other species they are interconnected with.

This young genius, later known as "Fifteen", quickly became the head of the ACIO and its offshoot, the highly secretive "Labyrinth Group", possibly located on the U.S. East Coast. As it were, he was contacted by two different ET races, whom were both willing to offer technology in exchange for something we have here on Earth that they wanted. One of the groups was the same Grays I mentioned above, and the other group is known in the WMM as the Corteum. Fifteen rejected the Grays but stayed with the Corteum.

So who are the Corteum? Some say they are part of the Mardukian Anunnaki, left here on Earth and now connecting with this group of secret scientists. However, I said in the beginning that the ET issue is complicated. The S.A.A.L.M.i. and their

Anunnaki work together with the Reptilians and possibly the Grays on one level, while independent groups of the same basic race (splinter groups) work independently from those on Nibiru.

This ET group, code named "The Corteum", is an old renegade group of the Ša.A.M.i., still living on a planet around Sirius B, but have been involved in TTP (Technological Transfer Programs) for quite a while with the human U.S. Government. They have now deceived this serious, otherwise human-friendly group of scientists into building a crystalline-scalar-mechanics based weapons technology to prevent an alien invasion. [5a] They are after the 7 Tributary sites, where New Mexico is only the first. They want to use something they call the "7 Trumpets" technologies to open up wormholes. The technology that the Corteum have inspired Fifteen and his Labyrinth Group to develop is to secretly (unbeknownst to the human group) re-activating the "Seven Jehovian Seals" to allow an alien invasion. The Labyrinth Group has been led to believe that the opposite is true; if they, in cooperation with the Corteum, can develop this technology and find the WingMakers sites, one by one, they may help them being able to *avoid* an alien invasion, which was scheduled for 2011, but has been slightly delayed (more about that later).

The Grays offered a full scale technology transfer program to Fifteen in exchange for genetic information of human DNA. The reason he turned them down was because of a previous agreement with the Corteum, who were the ones with the most advanced technology in Fifteen's field, and hence more able to help him with his task. However, the Grays had something the Corteum lacked; their technology how to make memory implants, and skills in genetic hybridization.

This may sound odd to the reader, because the Ša.A.M.i. had a lot of skills in genetic engineering, but what Sitchin is telling us on several occasions in his books is that not all Ša.A.M.i./Anunnaki have these skills. Just like we humans; only because we humans know how to build space shuttles doesn't mean all of us know how to build them. Only the rocket scientists and rocket engineers do, although we all gain from their knowledge. Same thing with genetic engineering; the Ša.A.M.i. (even those not from Nibiru) have their scientists/geneticists just like us, but even Marduk never had the knowledge how to genetically engineer species; it was not his field of expertise. And most probably, none of the members of the 200 in the Corteum Group had this knowledge either, other than perhaps a general knowledge, not enough to create complicated species and/or manipulate their genes. In addition, the Corteum group is supposedly consisting of 200 members, but these are only the ones who show up for the meetings, so to speak. In the background, there is a huge amount of their kind, overlooking the process. Not even our government (on any level) is aware of that, I think.

Figure 4: Photo allegedly taken of "Fifteen" in Hawaii around 1978

After been pondering over the Gray issue for some time, Fifteen and others within the Labyrinth Group started reconsider whether they should make an agreement with the Grays or not. After all, the Grays' technology could be useful; especially the memory implants, which could be used to create photographic memory in the group members. So they made a deal after all, and Fifteen got a lot of information on genetic hybridization from the Grays. Still, they apparently never told the Grays about the Labyrinth Group for several reasons; they didn't want the Grays and the Corteum to work together (perhaps that was the Corteum's idea *not* to work with the Grays), and the Grays had no need-to-know, so the Labyrinth Group officially worked with them outside the organization.

2.3. Dr. Anderson From the ACIO/Labyrinth Group, Speaks Out

In December 1997, a reporter by the penname Anne got contacted by someone who said he was a linguist who had defected from the ACIO, or "*Special Projects Laboratory*", as it was called then; an unacknowledged department of the NSA. He called himself Dr. Anderson for protection, albeit this was not his real name.

Anne, a typical, dedicated journalist, was, rightfully so, very skeptic at first when Dr. Anderson told his story. He told her everything he knew as a top linguist, working under Fifteen. Dr. Anderson had been a part of the first crew who explored the Ancient Arrow site, and because he spoke multiple languages (some of them extinct), he became one of those in charge of translating the disc. Up to the day when Dr. Anderson defected, they had only translated about 7% of the 8000+

pages, so he didn't have no, or little, knowledge of what the rest of the disc contained.

Structure and Relationships of Labryrinth Group

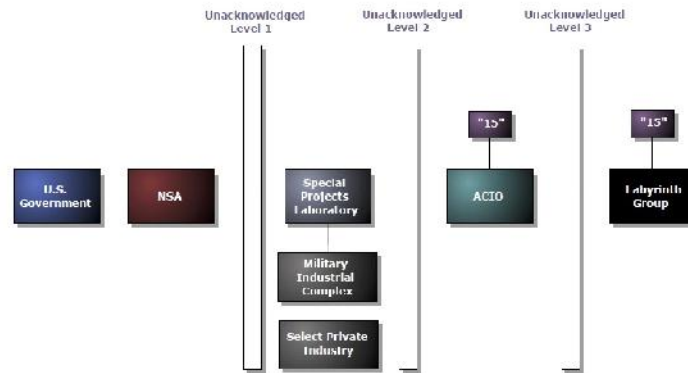

Figure 5: Structure and Relationships of the Labyrinth Group [click to enlarge]

After Fifteen had broken the "code", which finally started the project, the Corteam, who had infiltrated the ACIO already in 1958, became part of the project and helped out with their technologies as well. Fifteen had found out that some of the material on the disc was old Sumerian/Akkadian languages, plus a few others.

Dr. Anderson, after had started his internship at the ACIO, was subjected to something called "Intelligence Accelerator". He said they had the (alien) technologies to increase raw intelligence in a person by as much as 500%. In addition, they had this genetic implant technology (which they allegedly got from the Grays) which created photographic memory. The whole ACIO staff had been subjected to both, including Dr. Anderson himself. These technologies were held very secret and were not revealed to the government or the intelligence agencies; it was entirely on a need-to-know basis. To have access to this information, a person would have to have clearance level 12 or higher (highest is 14, with Fifteen being the only one having 15). Dr. Anderson had clearance 12. These high level clearances *is* the Labyrinth Group. This group split from the ACIO to enable secrecy from the NSA and lower ranking members of the ACIO. Fifteen was afraid that if too many people had access to the technology stemming from the TTPs (Technology Transfer Programs), the chances are great that these technologies would be compromised and used against humanity's best interests. However, the Labyrinth Group is taking these technologies on a regular basis and dilutes them to a point where the ACIO can sell them to private industry and government agencies (probably via a network of contractors, to remain secret), including the military (this is a part of the reason for the speed-up of technology the last few decades). So, we can see that the "best interests" for some groups or individuals are not considered "best interest" by others; it's all very subjective and in line with a group's imperatives.

Speaking of secrecy; for more than 40 years now, the Labyrinth Group has accumulated considerable wealth on their own. They have been able to build their own security technologies which has thus far prevented any detection from intelligence agencies like the CIA, KGB, MOSSAD, or MI5 and MI6.

The Corteum were permitted access to all of the information systems of the ACIO, which was considerable, according to Dr. Anderson, because they could be of assistance and were on slightly similar IQ level as Fifteen, after the latter had had "Intelligence Acceleration". He also said the Corteum are friendly and have no motives to take over our planet in some kind of One World Government agenda. However, he said that there is another alien race, who *does* have these motives, and we are going to talk more about them (the Anima) in a later paper. I have reason to believe that the "Anima Problem" is a deception, and in the next paper I will explain why. Dr. Anderson also told us that the head of the Corteum alien race, working with the Labyrinth Group, goes under the name of Mahu Nahi, and that he actually liked this Corteum leader (**keep the name Mahu Nahi in memory**).

Dr. Anderson considered Fifteen the most powerful human on Earth due to his brilliance and his power. He was the first human who was subjected to Accelerated Intelligence and the memory implant, and in his case, from had already been brilliant, now had an intellect comparable to that of the Corteum and the Grays. Still, Dr. Anderson was portraying Fifteen and his seven Directors as benevolent, who in their own way have humankind's best interests in mind. The main problem Dr. Anderson had with them, though, was the secrecy. He thought this information should be in public domain.

2.4 The Origins of the WingMakers Race

In a classified document, no. 040297-14X-P17AA-23, from Dr. Jeremy Sauthers, Director of Special Projects, ACIO, to all Labyrinth Group Members (FYEO), which described the Ancient Arrow Project to the team, is telling them on page 2, that the WingMakers originate from the Pleiades. He is also stating that they were the ones who originally seeded life upon Earth "*and facilitated life's evolutionary leaps and biological transformations.*"^[6] They (and the Lyrans [same genetic origins]; see endnote #6) were the human genotype, who brought with us a "library of genetic codes" that, through experimentation, produced the human species, but also most other life forms on Earth^[7] (the story of the original seeding of mankind can be review in my "*Genesis Paper #1: [Human Origins and the Living Library](#)*". Here we learn that the Pleiadians and the Lyrans are the same species. A faction of them fled to the Pleiades when the Anunnaki came, but returned to Earth and eventually started working *together* with the Anunnaki in their effort to manipulate the DNA of the early humans. At that point they most possibly interbred with the Anunnaki and created a new hybrid, making parts of the Pleiadian Lyrans also part of the Anunnaki species. We know very little about the origins of the Anunnaki, and they may just as well be a splinter group from the original Lyrans, before any of them had any encounters with Planet Earth).

The Pleiadian WingMakers were in control of time-travel technologies, and put time capsules here from a future time (in our terms). Their hope seems to have been that we will be able to connect to our future selves and grasp a greater understanding of human destiny, among other things.

The renegade Pleiadian Group, channeled by Barbara Marciniak, are here to steer us in a new direction, away from the Technology Transfer Programs and back in connection with nature. They are here to do this because they live in a machine

technology reality themselves, which is quite brutal, oppressive, and inhumane. In their efforts to do something about it, this group has managed to trace back their timeline to the nano-second, between 1987-2012, where humanity made decisions which created the hellish future this renegade group lives in. In the sense of ancestry, they are us in a future time, but also us in the past, and if we can make better choices now, it will also affect them positively, and by the same token we will be able to positively change our pasts. They call it "healing along the lines of time". In their books and channeling session, they are emphasizing that we need to get away from electronics as much as possible, and get back to basics to become more multi-dimensional, like we once were. Instead of connecting to the Internet they want us to connect to our "Innernet", which is our own psychic abilities; that's where the answers and the connection with the Multiverse lie.

The WingMakers, whom, like we said, are also from the Pleiades (if we are to believe Dr. Sauthers and the WMM), claim to have been the ones seeding the concept of the Internet for the purpose of developing a global culture. They say they did it because it's the way to communicate globally amongst people on Earth, but also because it's going to be the universal communication device for us in the future, albeit in a much more advanced version, of course, in a form of a "intra-galactic, digital nervous system". The WingMakers teach us that by the time their final time capsule is discovered in 2023, *"the Internet will be the focal point of the new global culture..."*^[8]. This statement alone (if true and not altered) is telling us the the Pleiadians, whom Dr. Sauthers refers to as the WingMakers, are not the same group as the one Barbara Marciniak is channeling. The latter wants us to get off the Internet as much as possible and develop our Innernet" instead. The WingMakers website, in its current form, is promoting the Internet as an intergalactic communication network.

Beware of deception! We are going to talk about the Internet a lot later on, but the Super-speed Internet is not developed for humans, but for aliens. For *them* to be able to use our technology here on Earth, it needs to be more sophisticated. We, in our current development, have little use for super-super-speed Internet, do we? Think about it. The Internet was developed to eventually work as a network meant to ultimately control mankind by *certain* alien species, not to be used by alien species in general.

The Pleiadians Barbara Marciniak is channeling is warning us about the Machine Kingdom. If I didn't know better, I may have considered this as a fairly good communication device; just expand on what we have and connect to the intergalactic network. However, this is not the way aliens communicate with each other in general; thus the distinction between the Internet and the Innernet. The latter is what we need to develop more of, not the former. This is where this world is going to split in two; one where people are migrating to gigantic cities where technology has become a serious addiction and a suggestive way of survival, and the other where people who have had enough, start saying they don't want any more of machine technology and will move out in the country and perhaps open up their own, self-sufficient communities. There, due to lack of an abundance of electronics, people will be able to connect with their own Innernet, become more psychic and multi-dimensional. Go out in nature and notice the difference! It's not that there is anything wrong with technology in general, but at this point in time, where our bodies and minds have been so polluted by electronics, misuse of negative energy,

and the effects of the TTP, we need to disconnect from the mindset of it, remove our biological life form from it, and go back and reconnect with the elements to regain our power and sovereignty over our own biokind. It's like a person who have been on the whole spectrum of addictive, recreational drugs for a long time and wants to quit. Big part of a successful recovery program would be not only to stop taking the drugs, but to disconnect from everything that reminds him of the drugs.

It's imperative that humankind survives the next 100-125 years or so, which will be very challenging, but to do so, we need our inner awareness to guide us, so we are able to consciously direct our energies to create oases in a world of turmoil and destruction. How well we succeed with this will determine our survival potential as a species. What we do after that, in the sense of space travel and connecting with the galactic community, is a totally different matter. My own take of the "Pleiadian Agenda" is to introduce to us the possibilities to make decisions not only based on survival but at the same time connect subquantum-wise to our Innet, without technology. This is our key both to survival and enlightenment at the same time. Space travel is coming into the picture later, as does technology under responsible conditions. We need to go through "withdrawals" first; actually, in a literal manner. It's come to a point when people are addicted to their cell phones and Facebooks. I have heard stories where kids sleep with their cell phones under their pillows rather than their teddy bears, in case someone would text them during the night, and other kids have insomnia, because they think they'll miss a message on their Facebook and run up in the middle of the night to check it out. This is very serious, as we are losing our young generation to electronics!

2.5 Mark Hempel, the Middle-Hand

Although Dr. Anderson only had a security clearance of 12 and probably got a watered down version of the truth from the upper lines, he learned more than he felt comfortable with. He soon became the leading linguist and was the one who translated the disc from Sumerian.

After had visited the AA (Ancient Arrow) site a couple of times and experienced a "presence" in there, which he was sure was the WingMakers themselves, and due to the translations, which he felt communicated *directly* to him, he knew this information needed to get out to the public; contrary to Fifteen's clear intentions. Dr. Anderson felt it was his duty to do so, and the WingMakers "told" him this while he was working on the project. They didn't want to bother Fifteen with it, because they considered him being way too involved with the Corteum to be able to see clearly.

Dr. Anderson was nervous, because if he defected from the Labyrinth Group (something that was previously unheard of), he was afraid they were going to erase his memory so that everything he'd learned from when he joined the ACIO until the day he defected would disappear like it had never happened (yes, they have the technology to do so). He knew this is probably what they would do, unless they wanted to find him and reprogram him, because he was such a brilliant linguist. There was even a chance they would kill him.

In spite of these considerations, he decided to defect in secret, so he just left one day. He knew he didn't have much time and quickly needed this information to go out to the public. So he chose a random journalist, "Anne", who could interview him and hopefully publish it in a newspaper, or magazine. Once the cat was out of the bag, Dr. Anderson had a better chance to survive and perhaps let him keep his memories. This was a delicate situation for Fifteen and his group, because he didn't want any extra attention drawn to him, and if the damage was done and the cat was let out of the bag, the best he could do was to be silent, in hope that this was too incredible for people to believe.

The interaction between Anne and Dr. Anderson resulted in the "Dr. Anderson Interviews". [9] They were supposed to be 5 in number, but after two interviews, Dr. Anderson "disappeared" and Anne was no longer able to get in touch with him. No one knew at the time if the Labyrinth Group got to him, if he was killed, had his memory erased, or just went underground.

Anne, who was a born skeptic, didn't know what to do with the material at first. This was the strangest interviews she's ever done, and if she tried to publish them, her career would probably be over. Still, she thought she owed it to Dr. Anderson (whom she didn't even know if he was alive) to somehow get this information out.

Figure 6: Mark Hempel

Hence, she picked a young music producer and web designer she knew about, to help her out. His name was Mark Hempel, who also was a pioneer in Internet Radio. Even then she wanted to be anonymous, so she packaged the transcripts of the interviews, the artwork and the audio tapes and sent it via courier to Hempel with not much more of an explanation than something like, *"please publish this material. It's very important!"*

Mark read the interviews and found them fascinating, but had no idea if they were true or not. The anonymous nature of it all perhaps helped him make the decision to publish it. For whatever reason, he created a website at <http://wingmakers.com/> in 1998, where he released the two "Dr. Anderson Interviews", a mythological mini-novel called "The Ancient Arrow Project", the audio tapes, the poetry and the artwork,

Without even announcing it anywhere, the website quite immediately got hundreds of thousands of visitors and became a blockbuster on the Internet. The site became extremely popular and was discussed all over the network, in forums and otherwise. It was probably the most discussed "conspiracy" website in the later part of the 1990s. It looked like Dr. Anderson got his information out to a lot of people after all. However, something strange was about to happen...

3. The Mysterious "James" Enters the Stage

Today, the originator of the WingMakers material is known as "James", although this name was never mentioned in the original interviews or in the first version of "The Ancient Arrow Project". No other name than Dr. Anderson was mentioned.

So where does the name James come from? To answer that question, let's see what happened after Hempel published the WMM.

Once Hempel's website had become popular beyond belief, the rumors, with no doubt, must have reached the ACIO and the Labyrinth Group. Fifteen must have been furious at first; some of what he had decided to keep secret over the years was now irreversibly in public domain. It was too late to do anything about that. His worst fear had manifested; the chance of having to deal with defectors from the Labyrinth Group who started speaking in public!

The problem was that the material on the WingMakers website spread like a wildfire all over the Internet, so they couldn't just ignore it. By the same token, there was a chance that Dr. Anderson would contact the journalist again to give the three additional interviews.

No one really knows what Fifteen thought, but we know what solution the Labyrinth Group came up with...

Mark Hempel, who had no idea who the instigator of the WMM was, was contacted once again, this time by this mysterious "James", who said he was the one who had been interviewed and thus was the owner of the material. James was probably quite convincing and could perhaps even give Hempel information that only Dr. Anderson (or someone within the Labyrinth Group) could have known. If Hempel still doubted James, he probably got convinced once and for all when this mysterious person sent additional material for Hempel to post on his website, plus he wanted Hempel to change things around in the original interviews and add a whole new project to the AA story. The reason, he said, was that new information had come to him and he had decoded more from the Tributary Zones. He also had the transcripts from the three "missing" interviews with "Anne", so it was now five interviews all together. In addition, he changed the name of the interviews from "The Dr. Anderson Interviews" to "The Dr. Neruda Interviews", the latter by which they are most commonly known today.

After Hempel had remodeled his website, little by little, in increments over a couple of years, made it look more professional, and added the new material; the old website was, as I mentioned earlier, simply erased from the Internet. The Dr. Anderson interviews were now just a memory. With time, James contacted Hempel to add more material, including music CDs which are still sold from the website, and he also added a 24th Chamber all of a sudden, making this whole thing look more and more fictional and mythological, which he also said it was. The WingMakers had become "wholesale".

Figure 7: James of the WingMakers

Although James said in the Q & A Section on the website that

it is a mix of myth and truth, it had now become quite difficult for the reader to distinguish between what was what. There were also serious attempts from readers and researchers to debunk the whole WMM, based on all the new, fictional content. Albeit there were (and are) still people who believe the WMM is true, the debunking efforts succeeded quite well, and many previously dedicated followers started putting their attention elsewhere. The possibility that the WMM was a hoax was lively debated on forums and by serious truth-seekers. Hempel himself was confused about this whole thing and happened to say in correspondence with a researcher or two that he, too, thought it was probably a hoax. Or, did Hempel know more than we think and was told to say that it was probably a hoax? Either way, Hempel's "doubts", if they ever were real, were only temporary. He soon became a dedicated WingMakers fan; of the *new* website, I should add. Others, like Fred Burks, who could not relate to the new material, referred back to the original and kept that to heart.

Even more confused? Don't worry; things will soon start to make more sense.

James met with Hempel in Hempel's home on one occasion around 2008 for a long, recorded interview, resulting in an audio presentation on the new WingMakers website.^[10] Here you can listen to James' voice, which is an unnaturally deep baritone with a subtle Spanish accent. The accent sounds legitimate to me, but his deep voice sounds manufactured, for whatever reason. Perhaps he didn't want people to recognize his real voice; I really don't know. The interview, however, quite obviously was orchestrated so James could promote his new site and his new information on the "Sovereign Integral"; the reconnection with our Oversoul.

A lot of additional material was added as well to the website over the years, and it became more and more esoteric in the sense that James showed a lot of interest in Alice Bailey, Madame Blavatsky and the Great White Brotherhood. He was talking about Ascended Master in quite some length in his Q&A section, and gave references which seemed very odd to me when I read them. Something didn't feel quite right. Eventually James, always through Mark Hempel, created a few more websites. They were, in the order they appeared:

1. The Lyricus Teaching Order (<http://lyricus.org>)
2. Event Temples (<http://eventtemples.com>)
3. The Sovereign Integral (<http://sovereignintegral.com>)

The last one was published in 2008, and although there was not yet anything substantial posted on the website (and still isn't, 3 years later, except an illustration of what the Sovereign Integral is, without any explanation attached), James apparently decided to start promoting it. He therefore accepted an interview with the Project Camelot crew, also in 2008, where Kerry Lynn Cassidy and Bill Ryan were doing an email interview with James.^[11]

This interview was a shocker to me, to many other people who read it, and I think, to the Camelot crew as well. James was here presenting a totally new paradigm, telling us that we are stuck in a hologrammic 3-D Density prison. This, in itself, is

nothing new, but he said that Anu (the [former] King of the Anunnaki/Ša.A.M.i.), the most powerful being in the universe, had created this whole 3rd Density illusion. More specifically, he said Anu has been tampering with our DNA, trapped highly spiritual beings from the Atlantis Era into these body containers, and once the spirits decided to "try out" the bodies which Anu had "created", they were trapped once and for all.

These bodies, according to James, had hologrammic "videos" embedded in them, so that when these highly evolved multi-dimensional spirits entered the bodies, naive as they were in their free state, they got caught up in the illusion Anu had created. From within these new bodies, they saw a beautiful world and could look at extraordinary pictures which excited them to the maximum. Hence, these who tried out the bodies told the rest how exciting it was, and soon enough, the majority of the free spirits found themselves trapped in 3rd Density bodies after Anu had "closed the trap" so that the souls could no longer leave their bodies at will.

Not everybody was trapped, though. James is telling us that the time of Atlantis was a highly spiritually evolved era, and many different beings were here on Earth at the time, including people from the Central Race^[12]. Some of those from the Central Race managed to escape this trap, and James was one of them.

However, Anu, who apparently was a very clever being, cloned the real universe and created a new one, in which we are living today. In this Universe, Anu is God, where all the stars, galaxies, nebulae, planets and whatnot, are his creations. In this cloned universe, life is sparse, and humans are the only inhabitants. There are a few other planets where Anu has seeded life, but these planets are only inhabited by humans. Sometimes, aliens of another kind can enter Anu's cloned universe for short periods of times, but must then return. If they don't, they either die or get stuck in this reality, just like us. This is, according to James, the reason we sometimes see Grays and strange creature coming out from inside of the Earth or from under the oceans; they are simply stuck here and can't go back to the "real universe".

Of course, James is also presenting a solution. He says that Anu was scheduled to come back shortly before 2012; the event the Global Elite have been preparing for, but now the plans have changed. Anu is in business elsewhere, having his attention directed towards something totally different, and has left us to our fate. So our only solution is to find the "Grand Portal", which is a metaphor for we humans to be able to, as a group, realize we are spiritual beings, trapped in a 3rd Dimension/Density, which only exists because Anu created it, and that science and religion need to merge into one for us to break the "godspell". Only then will the illusion shatter and we will return to the Universe of origin and become multi-dimensional. Anu's science in this case needs to be well understood so we can grasp *how* he created the 3rd Density. When we do, and also understand we are spirits in a body, we can break out of the prison as a whole humanity.

In the same interview, Bill Ryan is asking James what he thinks about Nibiru and the return of the Anunnaki. James says (just like he did in the audio interview with Mark Hempel) that Nibiru is no longer an issue, and nothing to worry about. I know for a fact that this is a lie, and in a later paper I will explain why.

4. So Who Took Over the WingMakers Site?

I also know for a fact that Dr. Anderson (whom I from hereon will call Dr. Jamisson Neruda, because it more accurately states who he is) is still alive and well, because I've been in touch with him. I am also aware of (and it's pretty obvious) that the original Dr. Anderson and James are two entirely different persons. Their energies are far different, and the way they use the English language is even different. Dr. Anderson is scientific in his approach, but is trying his best to simplify his answers and his writing, while James is esoteric to the extreme and does not bother with attempting to make himself understood by the general public. He is also very artistic. One can tell they are definitely two totally different personalities. And by the way, who was it that we mentioned earlier, being very artistic, and someone Dr. Anderson liked?

Well, let's go to the point: who took over the WingMakers site? It looks like the impostor doesn't even try very hard to keep that secret. "James" is not human; he is *the Head of the Corteum!*

How do I know? Well, this is from the original website, which was taken down; from the original Dr. Anderson Interview #2,
[http://www.wingmakers.us/wingmakersorig/wingmakersinterviews/
www.wingmakers.com/interview/iview2.shtml](http://www.wingmakers.us/wingmakersorig/wingmakersinterviews/www.wingmakers.com/interview/iview2.shtml):

Dr. Anderson:

"Yes, they've been involved from the beginning. The Corteum are as integral to the Labyrinth Group as any of its human members, so nothing is hidden from them. **The leader of the Corteum mission to earth is called -- in English -- Mahunahi** [*Wes' emphasis*], and he happens to be an artist first and foremost, and a scientist is his secondary nature. He was always excited to see and hear about our findings. He asked if we could create a way-station to the Ancient Arrow site so he could visit the site himself, but it just wasn't practical to do so without drawing attention to the site."

So the original "Dr. Anderson" trusted Mahunahi at the time when he released the information to "Anne". We already discussed that the WingMakers site was hijacked shortly after it was published and gradually changed with time until it became almost unrecognizable.

A few years after the new site was set up, James opened a Q&A section, and this quote is from there, <http://www.wingmakers.com/jamesqa.html>:

Question 9: Who/what are you James? Where do you get your information from?

[James]: In my dominant reality, **I am known as Mahu Nahi** [*Wes' emphasis*]. I am a member of a teaching organization whose roots are very ancient, but paradoxically, very connected with humanity's future. This teaching organization is concerned with transporting a sensory data stream to earth in order to catalyze select individuals of the next three generations to bring innovations to the fields of

science, art, and philosophy. These innovations will enable the discovery and establishment of the Grand Portal on earth.

Thus, it seems clear that the WingMakers have been taken over by the Corteum, allegedly a faction of the Earthbound Anunnaki, and "James" is the Corteum Leader.

What does this mean and what implications are there?

Well, it's a very clever take-over! The Corteum changed the name Anderson to Neruda because Jamisson Neruda is very close to "Dr. Anderson's" real name! I was told this as being a fact by the real Dr. Anderson, who later became Dr. Neruda. Furthermore, "James" (I will call him by his real name, Mahu Nahi from hereon), after had taken over the project, also added a lot of *real* information to the website! In fact (and this is also coming from the real Dr. Neruda quite recently), there is a lot more real information on the current WingMakers site than the original one!

In other words, there is disinformation on *both* the old site and the new one. However, the following were most likely the steps the Corteum and the Labyrinth Group decided to take after Dr. Neruda had let the cat out of the box in 1998.

1. When they found out about the leak, they waited it out to see how it would be received. Unfortunately (for the Labyrinth Group), the Anderson Interviews spread quickly on the Internet and became well known in "conspiracy" circles.
2. Mahu Nahi, the head of the Corteum, decided to take care of it, most certainly with Fifteen's blessings. Mahu contacted Mark Hempel, again via courier, is my understanding, erroneously saying his name was James (like in Jamisson Neruda), and that he had a lot of additional information to add to the website. He also told Hempel that some of the old information from the Anderson Interviews were slightly incorrect and needed to be erased and exchanged with new information. He also wanted Hempel to change the name Anderson to Dr. Jamisson Neruda.
3. Mahu told Hempel, in addition, that he had complements to the "Ancient Arrow Project", and asked to have this published as well and the old version erased. Much of this information, both on the AA site and in the Neruda Interviews is true, but not all of it. Some of it is disinformation, so the reader needs to have this in mind and use discernment and cross-checking techniques to verify what's in there. Still, the part that's true is incredibly important information.
4. Mahu was quick to add that the AA project was mythological in nature, with truth in it. Same thing with the Neruda Interviews. He wanted Hempel to make sure the readers knew this. Hempel complied with everything Mahu told him to do. Hempel was told that humanity was not ready for everything yet and that it had to be released in increments over time.
5. Mahu delivered as promised, and Hempel posted.

6. With time, Mahu, with assistance from Hempel, opened three additional websites, on three different domains; one at the time: <http://lyricus.org> ; <http://eventtemples.com> , and <http://sovereignintegral.org> . These sites were meant to be expansions of WingMakers.com with more information on the Central Race, the Lyricus Teaching Order and the Sovereign Integral. As it were, some of this information showed to be true as well, but not everything. Mahu has promised there's much more to come.
7. 2008 was a strange year for the WingMakers fans. Mahu decided it was time to become more public than he had previously. He had always stated that he didn't want to reveal himself too much, because he wished for the information to speak for itself. Mahu, who claimed to live in New York at the time, flew to meet Hempel, who lived out-of-state. If I remember correctly, Mahu was actually on his way to meet colleagues somewhere else, but did a middle-landing at Hempel's house for a limited amount of time.

This, in itself, is strange, because Mahu is not human, but of the Corteum, who are supposedly over 7 feet high. He would obviously had made quite an impression on Hempel, who now supposedly saw him for the first time. Mahu, of course, could have; with or without Hempel's knowledge; flown by private jet or with a Labyrinth Group airplane, out of public scrutiny, but he would have had to show his real self to Hempel at least. If this is what happens, this makes it clear that Hempel is now involved in this up to his neck, knowing who Mahu really is.

However, there is another explanation. Just like the Ša.A.M.i. in general, they are everything from 6-9 feet tall, and Mahu could potentially be on the shorter end of the spectrum.

8. At the end of 2008, Mahu accepted the email interview with Project Camelot, which set the stage for the future of the Corteum version of the WingMakers story. We can from hereon expect a lot of disinformation from this camp. Interestingly, Mahu did not want to show himself to the Camelot team. There could have been many reasons for this, but I find it at least worth mentioning.

For a while, I was wondering why LPG-C was using the Neruda Interviews as a base of information when researching things like BST and the Anima Problem (alien race, supposedly trying to take over Earth. I will address them in a separate paper). Now I understand why. They know that Dr. Neruda is the "real deal", and the Corteum decided to use his real name when they took over the WingMakers site.

So here is the cleverness of the take-over and how it was done:

Mahu Nahi, himself being artistic, decided to present the truth as it were in the form of art. It's beautifully done and quite intriguing; especially as it has a lot of truth in it. But why would they reveal the truth? Why not just make something up and lie about it?

There is a saying that goes, "hidden in plain sight". This is the most perfect example of this saying. Mahu saw that Dr. Neruda in the Anderson Interviews had given Anne (real name Sarah) the truth as he knew it, but mixed it with some disinformation; however, he still revealed enough truth not to mislead the public entirely. He was more concerned with protecting some sources. So what Mahu did was to reveal a whole lot more true information than the real Dr. Neruda did. By then saying it is a mix of truth and myth, and that the AA project is quite mythological, the Corteum could confuse the public enough to get away with it.

Some people would discard Mahu's new information and relate back to the original Anderson interviews, which in themselves were partly disinformation.

Others would embrace Mahu's information, but can't be sure what is true and what is myth. Mahu does a good job with pretending that things which are really true are myth and vice versa. The reader needs to put this in perspective.

Mahu knew that others would just debunk the whole thing and call it psy op, disinformation, or a hoax. This was all part of the plan. Of course, it *is* a psy op, but it doesn't mean it's a hoax. There is actually more truth than not in the material and more truth than on most other websites out there.

To fully understand this scheme, we need to rewire our brains and embrace a new way of thinking. What needs to be realized is that we can no longer continue saying: *"Website A is set up by the government or the Global Elite as a psy op, disinformation campaign, so therefore we should just discard it and expose it as an evil intent and a Big Lie"*. However, *"Website B is written by a known well-intended Truth Seeker who has the best interest for humanity in mind, so let's listen to him/her instead."*

No, this kind of thinking is simple-minded and will only lead us further and further away from what we need to know. The "truth" is in both camps, as is the disinformation, and we need to read everything with a fine toothcomb, because often the truth is told between the lines. This is important to understand!

In this particular case, the Corteum/Labyrinth Group, in their own more self-serving ways, want the information out as well. As we shall see in a later paper about BST and the Anima Problem, in a strange way everybody seems to be "on the same side", but still not quite. Different groups have slightly different agendas, but the common denominator is to convince us humans that what this is all about is to save Earth against an Invader Force which is very real. In a perfect world, we would all unite as ONE to face this threat, similar to what Ronald Reagan said in his famous speech from the 1980s when he addressed the ET issue. He said that if we were to face a threat from Outer Space, we would probably finally be able to unite as ONE humanity. However, things are more complicated than that. Still, we need to understand that there is no "black" and "white"; only different shades of gray. And there is a reason the Corteum wants a big chunk of truth out to the public, and it's not in our best interest. They want to misdirect us towards the wrong enemy; it's like when the little kid says to his parents, "Mom and dad, look what my sister is doing over there!!!" When the parents are looking in the direction the little boy is

pointing, he quickly slips his hand into the cookie jar and steals a cookie while they are busy looking elsewhere.

5. Changes Made to the Original WingMakers Site

Again, thanks to Fred Burks (<http://www.wanttoknow.info/>), I don't have to spend too much time comparing the original website with the later one. He already did that, and I am going to use the most important information from his comparison here. For the reader, who wants to dig deeper into this (which I suggest), visit Fred's page here: <http://www.wanttoknow.info/wingmakersorig/wingmakerschanges>). By using simple color coding, he and an associate were able to compare *all* changes that were made from the original website. You can learn all about it here: <http://www.wanttoknow.info/wingmakersorig/wingmakersinterviewschanges>.

You can also download two pdf files (Interviews 1 and 2) where you can compare the changes one by one:

<http://www.wanttoknow.info/wingmakersorig/wingmakersinterviews1changes.pdf>
<http://www.wanttoknow.info/wingmakersorig/wingmakersinterviews2changes.pdf>

6. S.A.A.L.M., Supreme Annunaki Assembly of Lord Marduk

S.A.A.L.M. is (or used to be before their presence was revealed on the Internet) a secret organization, branching out from the NSA and the ACIO. Their sole purpose is to keep "King Marduk" on the Throne of Earth, as her righteous ruler, even after the return of the Ša.A.M.i. from the home planet. They believe in Prophecy and consider Marduk being the AntiChrist the bible has been predicting, and they have until 2012 to accomplish this goal. At least this is what their members believe, as revealed in leaked information from internal conversion being held on a secure S.A.A.L.M. Intranet Server, from which the members could log in wherever they were on the globe, to retrieve new information as needed.

James Casbolt, former MI6 and S.A.A.L.M. member, defector and whistle-blower from both, released some sensitive information on his website a few years ago. He was later cleverly set up by S.A.A.L.M. and was forced to take his website, jamesbasbolt.com, down. They started a severe disinformation campaign against him as per "Item #6" of the Laws, all S.A.A.L.M. members are obligated to follow:

Item 6 tells us that the agency will seek extreme termination with prejudice in the case of a breach of this agreement resulting in the disclosure of unauthorized information, beginning with extreme harrassment [*sic*] in order to stop the disclosure.^[13]

One thing Casbolt put out on the web was a communication from an unknown S.A.A.L.M. member, emphasizing the year 2012:

My contacts claim this is Enlil waiting before his final address in which he spoke to all S.A.A.L.M members on behalf of Lord Marduk and Queen

Nanshaazuur. Enlil announced that the capstone of establishing Lord Marduk as King of Kings of SoL will soon be set. The speech concluded with a sincere thanks to all members efforts and a toast was pronounced to the target date of Dec 22nd 2012.

Casbolt was, from my understanding, the one who leaked the information from the secret network and put it on the Internet. For obvious reasons, the information didn't stay there for long, and was abruptly taken down. A discussion about the security leak is even included in the hijacked information.

What S.A.A.L.M. apparently forgot about was the Wayback Machine (or the Internet Archive), where anyone can type in a website which is no longer available into their search engine, and it will show up the way it looked like; normally including all changes that were made to it over time. This is where I got the information from. However, S.A.A.L.M. got smarter with time, realized their omission, and made sure the information from the Archives were no longer accessible.

Their rules and regulations are very strict; dismemberment under some circumstances is punishable with death. S.A.A.L.M. is also a part of the Freemasonic Global Network, starting at the 33rd Degree of Zion. Marduk, according to this group, is the head of Freemasonry world-wide.

I have had some personal, interesting experiences with this group; something which goes back to at least 2008. However, I am going to start this section with some correspondence between me and Benjamin Fulford, who is a well-known researcher into the Global Elite.

In January 2009 I had just posted an early version of what became the free e-book, *"The Myth Around Supriem David Rockefeller"*. The early version was called, *"Lucifer's Redemption."* It is no longer on the Internet, and was eventually replaced by the current e-book version in June 2009. In my early research, I stumbled upon S.A.A.L.M. again; I had had encounters with them earlier. This section was taken out from the above e-book, because it was out of context. However, here it does fit in, so I will give you the story (some readers who have followed my research over the years may have read this before it was removed from the Internet):

In November of 2008 I was part of an email group led by a certain Rev. Anthony Pike, who said he lived in India. On that list was also Prophet Yahweh^[14] and James Casbolt (former MI6 and subjected to Project Mannequin^[15] and other mind control programs), among other interesting researchers, so I decided to join.

Anthony Pike was the one who was most active on the list and posted quite a lot; he acted pretty much as the main authority in the group. After a while he told the group he was a member of S.A.A.L.M., something James Casbolt was already aware of, because he mentions Pike in his book, "*Agent Buried Alive*" (http://www.bibliotecapleyades.net/ciencia/ciencia_mannequin03.htm). I had a vague idea of who they were, because I had at that time read "*The LINK*" by Dr. A.R. Bordon for the first time. This made it even more interesting, and perhaps I could learn something new. I knew of Prophet Yahweh before, because he claimed to be able to summon UFOs somewhere down in Arizona or Nevada, and he said they were Yahweh's ships. He is a black man, claiming to be a true Israelite, and therefore, he and his people had the right to Israel. He actually managed to summon UFOs when ABC News were watching and it was all over the news on June 1, 2005. Knowing that Yahweh is the Enlil, it was double interesting to have Prophet Yahweh on the list. However, he didn't say much; was more of a silent member.

Figure 8: Prophet Yahweh

Now back to the story. As I had published the first version of Supriem Rockefeller, which was a blockbuster, I got an email from a visitor who said that Benjamin Fulford claimed that the whole Rockefeller story was a hoax to discredit *him*, and that he would go public with this fact shortly.

So I emailed Fulford to find out what the situation was. Here is the correspondence. On February 1, 2009, I asked him the following questions:

Hi Benjamin,

My name is Wes Penre, and I am emailing you from www.illuminati-news.com.

I found some information regarding Supriem D Rockefeller and Michael N. Prescott which I found intriguing, but rather confusing. I know about you from before and find your information and interviews pretty interesting and helpful.

It was pointed out to me that the SD Rockefeller story is a hoax to discredit you and that you will go out and announce this eventually.

I have a few questions, because I wrote an article on this. I understand you probably are a very busy man, but I would appreciate a lot if you had time to please answer the following (to the reader: my question are always in **bold**):

1. Did you write the following comments to the letter from SD Rockefeller?

MESSAGE FROM BENJAMIN FULFORD in Japan ~:|:~

Both the Freemasons (5 million agents worldwide) and the Asian Secret Society (6 million worldwide members) have invited me into their senior ranks. I agreed to join only if they both promised to support a 3 yr campaign to end poverty, end war and stop environmental destruction.

There is going to be an announcement of a new financial system between January 20th and early February. However, this may be delayed by die-hard Satanists who do not want to see their rule end.

By the way, I have been informed that David Rockefeller has ceded control to Sen JohN D. Rockefeller IV and Evelyn de Rothschild has ceded clan leadership to Baron David de Rothschild. So, according to my latest intelligence the 5 points of the pentagram consist of:-

Queen Elizabeth, Papa Bush, J. Rockefeller, David Rothschild and the Satan worshipping Pope.

The above comments from you are then followed by the following message from Supriem Rockefeller:

Date: Wed, 3 Dec 2008 18:42:59 -0600

From: Supriem Rockefeller

To: Michael N Prescott

Subject: Re: "Buy Sell"

Forward this to them-

As you may know, the Vatican has been hiding the truth from the public about the Messiah. They have implanted into the public's mind that Jesus was the Messiah, which they know not to be true. The word Vatican means 'House of the Serpent' which the Pope even has the Serpent on his chest plate and he carries the Sun staff, the symbol of Marduk Ra.

I was Marduk Ra but became Amen Ra once I was sentenced into exile. Amen just means 'The Hidden One'.

They pledge their allegiance to me by placing the obelisk in St Peters Court inside the Sun Circle surrounded by the Celestial Cross.

The German order called 'Thule Orden' and 'Vril Society' know who I am, n fact, they found me after they had access to the Vatican's vault and read about me. The text form [sic] 2026 BC said 'In the Second Coming, he will call himself 'Supriem' and come from the west'. No matter how you spell

Supriem or Supreme, it is still SPRM. They even saw drawings that looked exactly like me.

They told me that they knew I was Lucifer, the Son of G-D, leader of the 12 Elohim and keepers of the D12 Stargate. Marduk Ra was just one of my names, I am the same life force as YHWH, Samech, Moloch, Azazel, Lucifer and the Supreme Deity.

It is time for my rule again, thus those who are against it will perish. In fact I have the ability to end Earth as a planet if I see fit. The time is around the corner for my rule, Heil Imperium!!

The Thule wanted to test my DNA, so I allowed them because I knew they were important to my alliance. They found that I do carry the Triple Helix Blue Blood of the Elohim. In fact, I have more than one DNA sequence.

They knew that my several thousand year exile ends in 2009 (according to the 12/60 frequency in which I was sentenced, not the 13/20 frequency).

I have more than one DNA sequence because I am born of both Elders and Ancients (Serpent or Reptilian). I was given the DNA sequence of the REAL Trinity – Baal, Astarte, Tammuz – all into 'One Male' – Lucifer – The True Messiah.

2009 is the Second Coming, the exile is over. I have several races, not from Earth, that I lead and they are waiting on me. I have an army of multi-dimensional beings that are subservient to me. [These are the Alpha Draconis REPTOIDS and the Orion Group REPTILIANS.] We use magical rites to control the invisible world affected by the three dimensional world.

We have a technology that no one can stop. The ramifications of this technology used as a weapon are something out of a science fiction movie. We have to ensure that this technology stays within our working group. Someone could use this to disable aircraft from 400 miles away and there is nothing to trace, it would just look like the aircraft had a system failure and plummeted out of the sky.

Someone could use this to disable any alarm system, create a financial crisis by aiming at a stock exchange, someone could start wiping out every satellite in constellation and leave zero trace of what, where and how this happened. The 400 mile range is minimum, it can be increased via plasma antennas.

In fact, I have drafted The Allied Union constitution which is a policy making organization that unites 220 countries under one flag with an entirely digital universal currency called the 'Allied Unit' that works over the 'Supriem Network'.

The 'Supriem Network Plan' is attached in this E-Mail. To answer a question, someone asked me about how do you get every country to comply?

Simple, first it will be obvious that this is the only way society in the future will prevail and if that is not enough, have you ever seen the movie 'The Day Earth Stood Still'? The story maybe fiction but the warning and technology is real. Let's say 'Country Orange' did not want to comply, now all of the sudden their country's defense system and major economic institutions are paralysed by something they don't understand or cannot figure out but they were warned in advance so they know who is controlling it. This is why I say it is imperative this technology never gets out of our hands, it is the ultimate weapon of a silent [endless] war.

What we have here is not a morality tale of right and wrong, good or evil, it is simply an ultimatum to the countries- "You either comply with us for a more efficient and proficient society or you won't have a society. "

My group, which consists of former employees and some currently employed by various Intelligence Agencies and my own group based in Germany with Russian and Nordic sects, and a vast presence in South America and Antarctica, are wanting to speak to Lockheed-Martin about incorporating this technology on their satellite constellation so the entire globe would be covered. We can offer them a partnership.

If one satellite 300 miles above the Earth were retrofitted with one of our antennas, you could disable any electronic device in Northern America via an EMP effect. Our knowledge is based in Resonant Frequency and we have

mapped the tonal range of Earth's frequencies including gravity and how to detune and change oscillation of X, Y, Z axis.

Same principal behind the resonant tuning of point A to point B for an envelope effect of collapsed time-space, creating something similar to what you call a '[Casimir Effect](#)' and understanding the 'Impossible Space-Time Transition' of [2x10-33 cm, 10-43 seconds](#). Sorry, can't really translate equations in email.

Our 'Vril Power' is synergistically combining Gravity Units (GU) at positions specified by the coordinates (x1, x2, ...) and (u) – a process in time, can be thought of as a matrix-valued function of dimensionality (n1, n2, ...)
$$U=(ux1 \times 2 \dots) (n1, n2, \dots).$$

If the status of a gravity unit varies as a function of time then, at any given instant, a 'snapshot' of that gravity unit at that instant in time would be $u_i = u(t_i)$.

You will first have to understand Gravity Units (GU) and Knowledge Units (KU) combined with Time (T) and its frequency in which you resonate.

Our concept of TIME undoubtedly presents new ideas which are unknown for you. First of all we cannot regard Time as a dimension or continuum, as you do. It is not that time is quantified, but one cannot conceive a moment as a point on the axis of time.

The interval dt, although it can tend towards zero, could never be perceived as small as we would like to. There is another aspect to this question we wish to underline.

You consider that the highest speed a sub-particle in the cosmos can reach is 299,780 kmph (speed of light) and you regard this speed as 'constant'. This is not a poor measurement. Indeed, it is this same speed that we recorded within this same three-dimensional framework, but all one needs to do is change framework or three-dimensional system so that this limiting Speed changes remarkably up to the point where the only reference which can reflect the change of axis is the measurement of this speed or constant, C. I

would have to get into the detail traveling using Resonant Frequency at another time, to complicated for email.

Back to my original topic, it is imperative that your group is our partner to keep under wraps for our working group, it doesn't cost you anything to be part, we are not asking for money. We are going to cover the planet's ground and sky with this spectrum, an artificial 'aether' if you will. I was also presented with an opportunity from the Russians, I was told Putin was the original source, for us to buy up an entire stockpile of CU 63,65 which you may know is used for satellites and in weapons.

Eglin AFB tests the SFW (Sensor Fused [sic] Weapon) which use copper as its main munition. I would like to have talks with Lockheed asap for partnership discussions.

As you can see with the news and its status quo, everything is lining up to usher in the 'Supriem Network'.

Let's also talk about the returns I can bring in through our 'Buy Sell Program', if you think it is an absurd amount on the return, you have nothing to lose to find out the truth. Like I said, we never touch your money, all we need is the proof of funds to proceed and the money never leaves your bank. This is a great way to be autonomous and self-funding to exclude external auditing. This technology I offer must always stay in our own working group that we will put together.

We are about to reshape the world. The 'Supriem Network' will soon be the only way for financial transactions and communications. It connects the entire planet.

Democracy has failed and it is time to show what One Ruler with a strong team backing him can do, I know you are with me. Michael Prescott is my right hand man, so you can continue working through him at this juncture, I will step in as the situation progresses.

Regards,

Supriem Samech Marduk Ra Lucifer (Finally Redeemed) Head of the True Elohim, God of Victory and Son of the Creator, G-D.

2. Who exactly wants to discredit you? From what I understand the email from Rockefeller was meant for the Italian Freemasonry, with a cc: to Leo Zagami? Where are you coming into the picture, besides from you writing the comments above and posting the email (if you did)? From what I understand, you were never involved in the communication between Rockefeller and the Italian Freemasons. So in other words, how could this have been written to discredit you?

3. Who are SD Rockefeller and Michael N. Prescott? Are they pranksters or 'for real' people? If they're 'for real', where is the hoax in all this? Michael N. Prescott's MySpace site looks pretty serious to me, unless he is working for the CIA as a disinfo agent.

I would like to find out the truth about this, so I can publish it accurately. I really appreciate your time to read this and hope for a reply.

**Respectfully and in friendship,
Wes Penre, Illuminati News**

I got a reply from Benjamin:

Thanks for the e-mail Wes. Here is what I know about the Supriem Rockefeller business. They contacted Leo Zagami and the Italian Freemasons in an attempt to get them to go along with their plan for a new financial system. Leo then contacted me to ask for an opinion.

The thing that struck me about this business is that it coincided with some stuff I have been hearing from the Reverend Anthony Pike, a self-described descendet of the notorious illuminati Ted Pike. The Rev. Pike had previously sent me photographs of a person he said was Lord Enlil, son of lord Marduk, the leader of Satanic forces on the planet earth.

A third source of information (a member of the British Royal Family) also talked about a Nazi faction in the secret government under George Bush senior with assets in Northern Eurorpe, South America (notably Paraguay and Uruguay) the Antarctic (the Norwegian "antarctic base.") and parts of the US military/intelligence establishment. This fit with what "supriem" described as his power base.

Since separate sources mentioned similar people, I forwarded a photo of Enlil to Mr. Zagami. The Italians did their own research and came to the conclusion the photo was a fake and that there was no Supriem David Rockefeller in the Rockefeller family. Please contact Mr. Zagami about how he came to that conclusion.

To me the whole business has all the makings of a psy-ops attempting to get us to fall into the weird zone and thus be discredited. That psy-ops may well be traceable to the Papa Bush Nazi clique.

My latest intelligence tells me there is a move to announce a new financial system (a transparent, honest one) that is still being fiercely opposed by the "seniors" (Papa Bush, Evelyin Rothschild, Queen Elizabeth et al).

If the good guys win, there will be an announcement of a Marshall plan for the planet earth with the aim of eradicating poverty, war and environmental destruction within a 3-year period.

And yes, I did write the letter you posted on your web-site. There is much I cannot say in order to protect the lives of people who are trying to do good.

Benjamin Fulford

Here below is the picture of "Enlil" (on top) he talks about in the email and the second picture is of "Nannur" (Nannar), Satan's grandson (as referred to in the emails below):

Figure 9a: The Enlil, allegedly, put in circulation by S.A.A.L.M.

Figure 9b: Naanur, a second picture spread on the Internet by S.A.A.L.M.

Subject: Son of Satan
Date: Thu, 6 Nov 2008 17:26:41 +0530

For those who are still sceptical about the existence of a physical 'hell' below your feet, St Anthony is now attaching a photo of the Son of Satan, Lord Enlil, titular head of the 'Supreme Annunaki Assembly of Lord Marduk' (SAALM), whose members include Henry Kissinger and Zbigniew Brzezinski. Also attached is a photo of Satan's grandson, Lord Naanur aka Nannar, who is photographed with another member of SAALM at their meeting on 26th Oct 2006 in Basle, Switzerland. So, my friends, the global reign of the Antichrist is about to commence and all people will be 'chipped' in their forehead or right hand as prophesied in the Book of Revelation. So, dear friends, choose this day whom you will serve, God or Satan, Christ or Antichrist. Remember, your eternal destiny is at stake – so, let's hope you make the RIGHT decision.

Yours in the battle for planet earth,

Subject: Cycle of Insanity
Date: Mon, 3 Nov 2008 12:05:18 +0530

Global Theocratic Movement

Both the Queen and Bush are trapped in a 'cycle of insanity' that they cannot

escape from ie. they know St Anthony is speaking the truth, but they are unable to implement it due to governmental and societal constraints which forbids implementation of that which St Anthony is propounding; hence, the mental and physical logjam. In addition, both the Queen and Bush know full well that they don't rule either Britain or America as the REAL POWER lies UNDERGROUND. Yes, friends, St Anthony is talking about a REAL PHYSICAL HELL right below your feet!! In fact, recently, on Fri night 8th Aug in the early hours of Sat 9th Aug, St Anthony's only begotten son, Daniel, was physically abducted and abused by PHYSICAL DEMONS from hell aboard their spacecraft while he was camping in the Kent countryside.

In this respect, in UK one of the main U/G bases is located below Welford AFB nr Newbury, Berks and in US one of the main bases is at Area 51, NV and also at Dulce and Los Alamos, NM and in Australia at Pine Gap nr Mt Zeil.

Now, friends, St Anthony says its time to WAKE UP to REALITY and kick the Devil off planet earth once and for all rather than allow the 'demon-cratic insanity' to continue resulting in the total destruction of all life on earth. Yes, friends, only GOD and his THEOCRATIC Govt can save planet earth; and that's exactly what St Anthony and his 'Global Theocratic Movement' intend to do. In this respect, St Anthony has already established the 'Theocratic Parliament of Britain' in April this year and the 'Theocratic Parliament of America' and the 'Theocratic Parliament of Israel' in October. So, St Anthony means business and the Devil is now shaking in his boots as theocracy rises to the ascendancy and democracy plummets to the bottom of the bottomless pit. So, friends, REPENT NOW and come join the winning side!!

Then I contacted Leo Zagami, who confirms that Supriem Rockefeller is real and according to Leo one of his arch enemies right now.

The Enlil/Naanur pictures looked very photo-shopped to me, so I did some research and at the same time got the original pictures sent to me by one of my visitors, showing that the Annunaki pictures are fakes. The second picture of Naanur is a photoshop job of Henry Kissinger, but I am unable to find that picture at the moment. Even the all-seeing eye on the wall in the first picture is an add-on, plus the S.A.A.L.M. insignia on the wall. The man in the picture is the Top Elite Player Zbigniew Brzezinski. These photos apparently were modified by the Intelligence Community and spread on the net by Rev. Dr. Anthony G. Pike.

Figure 9c: The original picture of Mr. Z-Big (Zbigniew Brzezinski)

When I exposed Enlil as being Brzezinski, I sent an email to Benjamin Fulford to that effect and didn't hear anything back. I didn't know what to make out of that at the time, but I let it go.

Figure 10: Rev. Anthony Pike

Interestingly enough, one morning I got this letter from Rev. Pike (cc'd to me, but primarily sent to Ben Fulford) as a response to an email Fulford sent to him in regards to the fake photos. My original email to Fulford is at the top, followed by Fulford's comments to Pike and ending with Pike's response. Pike says that James Casbolt, the 'brave whistle-blower', posted these photos as well on his website to tell the truth to the people. Mr. Casbolt did indeed do so, but when he found out they were fake, he immediately took them down, being honest enough to tell his visitors that he had been the victim of a slander campaign.

Here is my email to Ben Fulford, followed by his response to Rev. Pike. Pike's final response is at the bottom:

Tel. xxx-xxx-xxxx

From: cosmicrf@xxx.com
To: cosmicrfgroup
Subject: SAALM Photos
Date: Sun, 8 Feb 2009 22:45:33 +0530

Dear Ben and all our viewers,

St Anthony wishes to state that the originator of the Enlil photos, 33 degree Elder of Zion, SAALM/NSA operative and computer graphics expert, Ray Bordon, at freedomfighter_annunaki@hotmail.com aka Dr A.R. Bordon aka Dr Roy W. Gordon at a-c-t-i-o-n_acio@hotmail.com, <http://foundationreportsinlifephysics.org>, has always stated right from the beginning that the Enlil photos, of which there are 2, not 1, are purposely 'graphically engineered' to ensure 'plausible deniability'. In this respect, Brzezinski is 'P1' and Kissinger is 'P2' in the SAALM hierarchy and Brzezinski is a direct descendant of the Marduk/Enlil lineage who has similar features to Enlil, but not identical, as also Hugh Hefner, by the way!!

Now, Ray was tasked with the job of 'leaking' info on SAALM to the general public, but has now had much of the material removed from the Net due to orders from within the SAALM hierarchy who were getting worried about all the undue exposure, especially as both Lord Marduk and Enlil don't like their photos being taken by anyone. However, interestingly enough, the photo of Lord Naanur, who is described as being the brother of Enlil, but traditionally, is understood to be the son of Enlil and grandson of Marduk, is supposed to be a very rare 'one off' photo of the 'jolly' fellow whose personality is

purported to be much more 'jovial' than that of Enlil and Marduk, and who is standing alongside 'P13' of the SAALM hierarchy at the SAALM conference in Basle, Switzerland on 26th Oct 2006.

So, friends, please understand, to get 'cosmic top secret' info, which is categorised 38 points higher than the H-bomb, out into the public domain demands a great deal of ingenuity on the part of those 'leaking' the information. So, please understand, folks, St Anthony, as former founder/director of the 'Freedom of Information Campaign' in London from 1991-96, is just trying to 'leak' all this info out as best he can, as is Ray Bordon, James Casbolt and other fearless 'whistleblowers' who are risking life and limb to educate YOU, the general public, about the alien presence on earth and the upcoming New World Order of the Antichrist; and, of course, the Second Coming of the Messiah, Jesus Christ, who will defeat the Antichrist at the Battle of Armageddon and establish the long-awaited 1000 yr Millennial kingdom of God on earth in 2030.

Now, for those who have not yet seen the SAALM photos, St Anthony has managed to retrieve some of them, along with copies of Brzezinski's photos which were used as a means of superimposing Enlil's features on Brzezinski as well as the SAALM logo in the background, which are herewith attached. Finally, please remember, the aliens are here, and have been here for thousands of years – so, please try to understand that we are simply doing our best to educate you all concerning matters which have been kept concealed from the general public by the ruling elite, but which are now, in these last days, being revealed to the world.

Date 8th Feb 2009

At first, I was stunned because of the mentioning of A.R. (Ray) Bordon being mentioned in this psy op, and I must admit that made me skeptical of LPG-C' intentions for a while. However, nothing is what it seems, and after have researched LPG-C very intensively, and communicated with the scientists there a lot for the last 6-8 months, I have learned how S.A.A.L.M. and the ACIO work.

Around the time of 2007-2008 (an eventful time period in many ways, it seems), LPG-C were subjected to a major slander campaign that almost got them "out of business" so to speak. They were infiltrated by this ACIO agent, Roy W. Gordon, who stole pictures and sensitive material from the Life Physics Group California and escaped with it (I have mentioned this story elsewhere in my papers). Around the same time (or shortly after), S.A.A.L.M., in conjunction with ACIO, started using LPG-C names in their own email correspondence, pretending this closed group of scientists were part of S.A.A.L.M., and they also faked their email addresses to extend the harassment and to muddle the waters further.

Dr. Gordon also contacts people on the Internet via forums and directly through emails. I have personally had a few, not so pleasant, encounters with him regarding Supriem Rockefeller, where he said Supriem is not whom he says he is and he started emphasizing he, Roy, is working for the NSA, which couldn't be interpreted otherwise than a covert threat. I stood up against him, and he "disappeared"; I never heard anything more from him on *that* subject.

Anyhow, over time I have learned beyond any doubt, that LPG-C, or any of its members, have never been a part, or in liaison with, this Serpent Clan group. The people at Pine Gap are professionals when comes to confuse the public, to count out their "opponents". One way of doing so is to play both parties in a conflict, war, or game. Still, I am not surprised to see Brzezinski and Kissinger on the ACIO/S.A.A.L.M. member list.

Now it's time to reveal who Rev. Anthony Pike really is and the character of this man; the professional disinformation agent who screwed up big time for S.A.A.L.M. He is telling us a lot of relevant things, but also mixes in blatant lies to sidetrack those who want to know the truth. Albeit, by the time of this writing, I would be surprised if either Roy W. Gordon or Rev. Anthony Pike are still part of the Pine Gap Group. They have been more of an embarrassment to their group than of assistance. I am aware of that Dr. Gordon is still signing off his emails with "Pine Gap", but again, I would be mighty surprised if he is still with the group.

In 2008, he was the one who put me on Pike's mailing list (without my consent), but I left it alone, because some topics were of some interest to me. I very rarely posted anything on that list, but mostly just read the postings from others.

However, Rev. Pike's behavior on the list became more and more bizarre, and one day he posted something that really caught me off guard. This guy lives in India and Great Britain, respectively, and he is supposedly pro-environmental. In this series of emails he seriously stated that he wants all motor vehicle drivers shot on the spot, or trialed for crimes against humanity, and executed! As a response to my reaction to this statement, he said he was "seriously kidding", but if you continue reading the emails below, you'll see he was deadly serious.

Steps to Save the Planet

- 1) Shoot all car/truck/bus/bike drivers on site and airline pilots.
- 2) Plant one billion trees.

N.B. Steps must be implemented immediately to avoid a global catastrophe and extinction of human race.

P.S. To escape being shot, STOP DRIVING YOUR CAR!!!!!!!

Are you kidding or are you serious?

Wes Penre,
Illuminati News

- - -
Dear Joe [*Joe = Prophet Yahweh, Wes' comment*],

This is just to help clarify who is a Satanist and who isn't.

A Satanist is a sinner. A Christian is a saint.

Satan managed to separate the church from the state so that his kingdom on earth would not be affected. Satan then proceeded to take over control of the church so that now both church and state are controlled by Satan.

IN THE BLESSED AND HOLY NAME OF YAHWEH

Dear Anthony Pike,

I am not a Christian. I am a black orthodox Jew.

And based on what you said, only Christians are saints.

I strongly disagree with what you said.

Also, your second email below, about shooting all who drive, reminds me of how people who looked like you declared that all my people (slaves) who ran off from their plantations, to find freedom in the Northern Non-Slave states, were to be shot on sight. Rather you were joking or not, I did not appreciate receiving your last two emails to me.

Because of these two points, I politely ask that you take me off your list.

Thanking you in advance,
Prophet Yahweh

Dear Pastor Ramon,

There's NO DIFFERENCE between a true Jew and a true Christian. However, if you're a 'fake' Jew or Christian you got problems.

Regarding car drivers, they are guilty of mass murder and genocide and should be tried for 'war crimes' and then executed. If this is not done, God will do it Himself in the 'Day of God's Wrath' from 2012 - 2030 (Rev 11.18).

Regarding our mailing list, I will give you time to 'cool down' as yours is purely any emotional reaction; and, furthermore, you have already been appointed as one of our 'X-Men'.

>From: "Wes@xxx"

>To: "Rev Dr Anthony G. Pike" >Subject: RE: Steps to Save the Planet

Dear Rev. Pike,

I strongly agree with Prophet Yahweh. I was shocked to get the message (see bottom of this email) that car drivers etc. should be shot! Are you trying to help the Illuminati to reduce the population?

In my eyes, this would be mass murder or genocide; far worse than Hitler's Holocaust. Looks like you are showing your real satanic colors, pastor. If there were only TWO choices I could make and I HAD TO make one, whether to follow you or Hitler, I think Hitler is the better choice. At least the amount of victims of his were only within the million bracket.

Who are you to decide who is to live and who is to die? We don't need yet another genocide, sir. As a matter of fact, we don't need any more killing whatsoever. Haven't we had enough already? I don't know what is clouding your eyes, but whatever it is it will lead you straight to the place you warn others about.

Please remove me from the list and I would appreciate if you distributed this, my letter, to the rest of the group.

Thank you,
Wes Penre, Illuminati News

P.S. I will burn the information kit you sent me in the mail. I don't want to have anything to do with it.

Dear Wes,

Thanks for your and Prophet Yahweh's great words of wisdom. You and him are the type of people that brought Hitler to power and will shortly bring the Antichrist to power through total lack of understanding of what I've said and the aim of saying it. Prophet Yahweh, for instance, thinks I want to kill car drivers because car drivers are purposely going around trying to run people over. Okay, why don't you put your mouth over the exhaust pipe for 1 minute and see what happens – yes, you got it, you'll be DEAD. So, every time you go around in your car you are literally murdering thousands of people!!!! I also heard that car exhaust fumes are radioactive- so, what with computer screens, mobile phones and TVs, let alone nuclear reactors and bombs, the whole planet is in radioactive meltdown!!!!

Yours in the battle for planet earth,
Rev Dr Anthony G. Pike (UK)

James Casbolt, the former MI6, S.A.A.L.M. member and more, who was also on this list, but not very talkative, mentions Pike as a "friend" in his book, "Agent Buried Alive"..

Needless to say, I left the group shortly after I'd blasted Pike, telling him things I don't want to repeat here. Ramon (Prophet Yahweh) was equally upset and left as well.

I guess all organizations have their agents who can't control themselves, and so does S.A.A.L.M. Here are excerpts from emails posted on the Godlike Productions Forum (GLP)^[16] in December 2009, where Dr. Gordon is threatening one of the forum members. I will quote the whole post:

Well I recently checked my e-mail and was surprised to see this e-mail in my inbox. Unfortunately I reported it as a phishing scam to Google, and they took it out of my box! But, I did save the message.

This was from: "a-c-t-i-o-n_acio@hotmail.com" So I guess feel free to e-mail him!

"STAY AWAY FROM ANY SUBJECT MATTER DEALING WITH LORD MARDUK OR YOU WILL BE TERMINATED WITH EXTREME PREJUDICE

YOU HAVE BEEN WARNED

DR ROY GORDON
ACTION_ACIO
SAALM
33 DEGREE OF ZION
PINE GAP
NTH AUSTRALIA"^[17]

As a note aside, the above email from Dr. Gordon reminds me of the law under which the members are subjected. "Items 5 and 6" of that law, taken from a leaked, secret Intranet conversation between members, says:

Item 5 dissuades us from disclosing anyone from the association with S.A.A.L.M. punishable by death.

Item 6 tell us that the agency will seek extreme termination with prejudice in the case of a breach of this agreement resulting in the disclosure of unauthorized information, beginning with extreme harrassment [*sic*] in order to stop the disclosure.^[18]

Dr. Gordon apparently felt a power rush at the moment and tried to instigate the threat of a similar nature being applied to public who reveal too much about "King Marduk". However, if true that Dr. Gordon has been expelled from S.A.A.L.M., public statement like this was probably part of his problem.

Figure 11: Dr. Roy Gordon, as he depicts himself these days

Dr. Gordon also has a facebook account which is much more laid back:
<http://www.facebook.com/profile.php?id=100000180909654&sk=info>

6.1 S.A.A.L.M.'s Secret Conversations Leaked

S.A.A.L.M., with their Headquarters in Pine Gap, Australia, is an offshoot from the ACIO, with the whole purpose, as mentioned earlier, to keep Marduk's clan in power after Nibiru has passed through the solar system.

Figure 12: Australian map with Pine Gap circled in red in the middle (click on image for enlargement)

Pine Gap, near Alice Springs, Australia^[19], has a bad reputation, and is known for alien and UFO activities, especially reptilian. It's not a place you want to go camping. There are also a lot of Global Elite research and experiments going on in the area, such as Echelon^[20] and Project L.U.C.I.D.^[21], most of it is orchestrated by a faction of the Earthbound Anunnaki of the Serpent Clan, possibly in cooperation with a faction of the Alpha Draconian Reptilians.

S.A.A.L.M. were using a secure server to communicate to their members, where they could speak more openly. However, Casbolt (most probably) decided to put their conversations on the Internet so everybody could read. He was successful and at least some of the communication leaked out. I'm going to post that information here, so the reader gets a fuller picture of this organization, also because S.A.A.L.M. apparently have now closed the Internet Archives pertaining to their correspondence.

First a few pictures that were attached to the information:

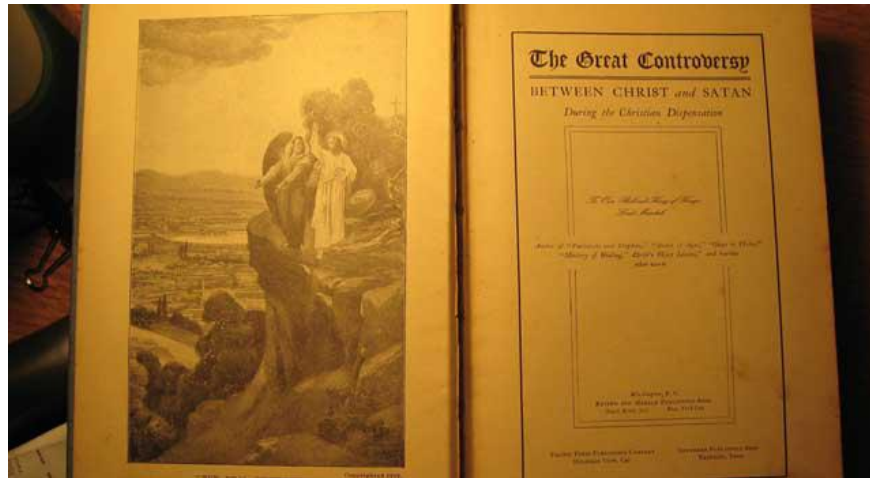

Figure 13a: *Between Christ and Satan* [click to enlarge]

Figure 13b: Close-up of one of the above book pages

Figure 13c: A Masonic S.A.A.L.M. Passport

P6 Intro

Intro

Brothers:

Welcome to the S.A.A.L.M

We have our work cut out for us. Please download attachment form on which we ask that you provide us with certain information on yourself. This information will NOT be shared with any patrons or funding sources, present or former employers, or anyone outside the group. The information gathered therein will be used to catalog talent within the group, suggest assignments to new members and invite "old" members to task forces, focus groups, analysis conferences, etc. In other words, it is intended for decision-making on deployment of talent within the group to tasks as they may appear on the horizon.

We hope to have an information system set up such that a server not connected to the net but accessible through "gates" can store all group production by member, so when specialty and talent needs to be identified for any one or more tasks important to the group, this may be quickly by the stroke of a few keys.

Additionally, upon consultation with foundation legal counsel, it has been determined by the first-among-equals that any work performed by anyone, of any nationality, for and on behalf of S.A.A.L.M. will require strict compartmentalized coverage under certain chapters and parts of the Code of Federal Regulations (CRF) and other congressional acts and laws. We will

handle highly sensitive information without the benefit of formal clearance vetting; therefore, each of us need to sign at minimum a nondisclosure agreement that describes what our legal advisors require S.A.A.L.M members to be covered for. Shortly, you will also get a security indoctrination memo from one of us. This will address item No. 2 in the nondisclosure agreement following the CV questionnaire. This is information with you, in compliance with legal requirements set for us to go by.

We have established a nonvetting status for S.A.A.L.M members to receive and work with what is essentially information of a classified nature. Nonvetting means that there will not be a lengthy background check process, and that much of the responsibility for keeping the ranks free of checkered characters and egomaniacs falls on us the founding members. The suggestion has been made, and the first-among-equals and some of the first members agree, that the first fifty members be declared "founding members" -- a distinction that constitutes more of a badge of courage and wisdom about the necessity for S.A.A.L.M and the personal valor for being a stand-up and be counted kind of person.

We will need to have these documents back as soon as feasibly possible. Keep copies for your records but off the desktop.

Again, welcome Brothers. Work is ahead of us, but let's have fun doing it.

In service to All.

P6

P4 Update

Task Members

I am going to invite you to log in onto the SAALM group, go to the FILES section, click, and get into the Orion_Sirius_Asmodeus Folder. Once in, to the the Exercise 1a- WA-G4B0032 Word.doc, download it and follow the instructions at the end of the file. We are using an identical strategy here to the one used in getting our own folks to gain perspective(s) on and discernment of an information-set, and then subject the intellectual extract(s) of what you are able to gain from your analysis of the set to your "other" brain's "intellect" and see what happens. What will be interesting for us to learn about all of yourselves in doing this exercise. When you start dealing with real information on things of interest to the group, I need to know you will have the metamethod in place and your visceral "nose" is working and fully engaged. We'll also get to see throughout these exercises how much, how well (or how little) you trust your enteric brain, its information processing and your trust and use of the information it generates for you...Makes sense?

Tell me your views and feelings on the task.

CA-3 continues his and the team's trek. His location is not related to his tasks, but rather it is a necessity for him at this time. He is proceeding on down to the next location, and once over onto the other. We're heeding his recommendation and taking them in tandem.

Recruiting continues. We pick up seven and lose three (due to the CV/NDA requirement). The team you belong to is still short of people but it will come. The two others are beginning to work on T&D assignments (such as what you are starting now). For the next 12 months, we'll slowly bring everybody up to par and up to speed on things, and once 2D is in your hands, allow about 3-6 months to have people get into Accelerated Learning^[23] from the inside out, not the other way around. Am enclosing a relatively new article DA-1 and I did a while ago, as it is pertinent to some of the questions you raised about enteric info processing and A.L.. It is actually a presentation on the bases of life physics, with particular attention to 4-spacetime "reality matrices." I have a feeling it will help you understand things a little clearer.^[24]

PA Alpha

Subject: Preapplication from Alpha member for Working Group

FYI, this came to P4, P5 and myself today. I've polled the others, and have their agreement that RomanCandle would be a good addition to the Working Group. He is member of Alpha group, Traveler-1 (DTS) and Raven's group. I was also forewarned by DTS that GreatWaldo (the fellow with the Annunaki Gold from the Rothschild line is also interested in joining, but have not heard from him yet. Anyway, below please find copy of his message to P1 P2 and P12

G07 -- Chief Scientist

G09 -- Project Officer

Membership Preapplication -- S.A.A.L.M. Working Group --

This is my preapplication for membership in the S.A.A.L.M. Working Group. I am sending this preapplication by advice of my Alpha-FAE, Traveler-1, and per conversation with P3 on 3 September 2006. You already have my CV and I have signed all documentation required earlier this year.

I respectfully petition membership in the Working Group. I have contributions to make that members may find helpful, and I am ready to do my part in the effort.

Sincerely,
RomanCandle

Since this is preapplication, that means he is announcing intention and testing the waters... He's the orange... I will put together a summary of what he submitted, and as he is an engineer at the lab, he is covered by things you are not covered for, so let me get around that and see if I can get hold of his CV and possibly a resume, at least of things you can see... We need to vote on this. Good enough? Let me know as soon as possible, so as to be able to give him an answer to what I understand will be a formal application once he hears from one of us unofficially...

In service,
P4

Dear GA-2,

Thank you for calling last night. I'm afraid that this is what happens when I get stressed past a certain point, and it is evident to me and my family that things have gone way past what I can cope with and remain functional at this point in time. I'm sorry I was not able to truly listen to you. Could you please put the substance of what your assessment of the present situation is in an email to each of us?

Before I continue, please let me update you on the situation with the man in St. Jo with the terminal colon cancer...I believe it was the 4th of this month that we found out about him and prayed for him. Yesterday (9/7) we got word that the man, whose rent has now been fully taken care of, went back to the doctor who reexamined him and stated that the problem was not nearly as serious as they had first believed! That was the same day I interfaced with Hurricane John and asked it to disperse some of its energy and please slow down. It did, from a category 4 to a 2...I'll bet lots of people were praying the same thing, and there are a lot of devout believers in Mexico! Thank you all for adding your prayers and energy to Mother Earth's and mine.

My big question is how did this Casbolt person know our email addresses? Never mind the shocking nature of his allegations. It feels like someone is really trying to massage my view of what is, and that is the one thing guaranteed to send me into red alert emergency lockdown defend against all comers mode. Sorry, that's simply how it is with me just now. The written word is something tangible yet way less charged than personal contact, which I apparently can't manage at this time. I can deal with the written word best right now.

The whole reason I decided to participate in the first place is that this seemed like the first really pure and altruistic group endeavor I'd ever heard of since, say, the early days of the space program. It seems like the very best way I can help others, and the transformation in my own being astounds me. To have this endeavor threatened, from whatever source and for whatever reason, makes me sick in the core of my soul. I'm doing everything I can to

manage my stress so I can truly understand what is going on and thus know how to appropriately respond. This is why I told you at the very beginning about having PTSD, because I was concerned that just this sort of thing would happen, to the detriment of us all. I feel incredibly protective of this mission, these people--all of them, and the things we're all learning, and the idea of this know how in the wrong hands horrifies me. Yet whoever is originating all this had to have rather intimate access to our group--a security breach of the worst kind--and this has been an ongoing concern for me from the very beginning. I think the blog may have been a mistake. It seemed like almost a dare to the entire intel community, and I think no spy worth his dark glasses could resist attempting a crack at such a tempting, alluring target! CB and I are working up a sitrep/intel analysis to follow ASAP. It will be sent as an attachment to an email. If that's not ok, if you want it sent another way let us know.

What works best for me in such a situation is information, and the best medium for me to process information and correlate it with what I already know from this and other data streams is the written word.

Thank you for your patience. I want to get to the bottom of this and understand it all.

Namaste, Wise Owl

September 8 2006 1335 CDT

Dear First-among-Equals,

What follows is our joint assessment and analysis of the present situation as seen from our perspective. It is based on telephone, email and IM conversations between us and yourselves, email exchanges between us, Mr. S and yourselves, the Casbolt letter, and communications from S. to us, which we immediately forwarded unanswered to you. It is based on gnosis and intuitive methods as well, and thus what we interpret may not be the complete picture. We've looked at the overall cumulus of information available to us many times, considering all possibilities, and this is what we've come up with.

The grandfather of all concerns is how much of this technology has gotten out, and to whom? Who does Mr. H actually work for? And how did he get to be in such a sensitive position before anybody had received any CV or NDA from him? This looks like a professional intelligence operation of the highest quality combined with a security breach at a high level within and structurally endemic to this organization. Either that or it is an elaborate test for us which we consider to be entirely possible since it is hard to believe that folks with your professional associations could be so badly blindsided.

The primary problem appears to be a spectacular failure of internal security at a very basic level. The decision to place Mr. H in such a sensitive position before securing a signed NDA and a complete and fully substantiated CV was

a poor one. Not only that, but there are 13 people in this group, and we haven't seen any documentation on any of them. The only CVs we've seen were the most recent one about RC and one before which everyone agreed was unsuitable.

We think the blog was a mistake, practically an invitation for some enterprising young intelligence operative to have a crack at such a tempting target. There are people in that business who'd attempt it just to see if it could be done! Then there is plain old greed, which must not be ignored. And you yourselves have written in "Between the Devil and the Returning Rock" about how thoroughly our military and intelligence communities were compromised, about the presence of M.s people on military bases on US soil. Yet these organizations were invited subscribers to the blog!

We understand that you are scientists and creative geniuses, and are finely focussed on the investigative and development side of things, but perhaps have not before now needed to become personally involved with security as we would imagine the companies you were with previously would have had excellent internal security. And we well understand the nature of a true scientist is not only to discover but to share, compare notes, see what results everybody comes up with. Yet when it comes to developing a technology with the express purpose of saving billions of lives, security should be of paramount concern and should be in the hands of experts.

Mr. S is of particular concern to us.

His email to Ga-2, cc to us, dated 08/28/2006, looks like a set of legitimate questions a student would have about this rather exotic subject. However, they could also be the final, confirming kind of questions a mole would ask to be sure he had the information accurately interpreted and memorized. Possibilities, not certainties. Yesterday he's alleging to have been told that H was murdered, quits the group, then today he's asking for more modules?! We shouldn't be allowing this guy anywhere near this organisation and this information/technology.

What concerns us most is the fact that Ed K.^[22] is discussing things he couldn't possibly have learned except from a leak from within this organisation. Either that, or someone is doing a damned good job of monitoring what should be secure and private communication channels. That is an industry basic security measure. The reality is that today's world is full of people who wouldn't hesitate to steal this technology for profit or worse.

Finally -- who is James Casbolt and how does he know so much about this project?

We understand that this was a "sticking our necks out" sort of venture but that doesn't mean we should become sharkbait because of poor security -- that would be a complete waste of everything we're all working for.

Mistakes have been made, but there are valuable lessons to be learned from all this. We need to learn from this and adjust our structure and practice accordingly. Knowledge must be applied to become wisdom!

We trust the L but they are not obligated to save us from our own foolishness. It is indeed our responsibility to defend our own biokind and sort out our own political and cultural differences. As we understand it, they are helping this project in an extraordinary way but they have limits to which they must adhere. Let's not waste this opportunity to help our own planet and many others besides by allowing ourselves to be this vulnerable to penetration.

We should be taking all available measures to secure this project because its premature exposure will nullify the effectiveness and thus thwart the very purpose for which all this is being done: it will put the possibility of BST into the reach of the enema, the man from the gateway, and every terrorist with access to the Internet. Security should be comparable to that of the Manhattan Project. Instead, we have this present dilemma.

Wise Owl and Cannonball

James Casbolt, the MI6 whistle-blower, who was cleverly taken down from the Internet and successfully silenced. Don't get me wrong; he's still alive from what I know, but his, sometimes quite revealing, website was successfully shut down.

There are those who have written Casbolt off as a hoax because he had the fake pictures of Enlil and Naanur on his website together with some photos which was supposedly from Dulce underground base, but in fact were fake too. Unfortunately, this is often what happens to whistle-blowers when they come close to the truth. Casbolt was fed fake pictures to discredit the rest of the relevant information on the website, and some researchers fell for the trick and started discredit him, instead of looking at the bigger picture. So the rumors of Casbolt being a hoax spread quickly over the Internet and most people now wrote him off. Casbolt saw no other solution than to discontinue his website-- unfortunately.

Figure 14: James Casbolt

It is true that Casbolt, just like he says in interviews and in his excellent book, *"Agent Buried Alive"*, he has been subjected to heavy mind control from within the government. He was subjected to a specific one called *"Project Mannequin"*, and he is apparently trained as an assassin. However, he has been working on breaking the control, which is not an easy task, and done his best to reveal his experiences. Once in a while, he has fallen back in line and had "relapses", but that is to be expected. I, for one, am not discarding Casbolt as a hoax at all. He fits too well into the picture, and most of what he has been telling us is true. To his defense, he also apologized for the fake pictures on his website, admitting he had been tricked. But it was too little, too late, as it seems. What a shame.

There is some quite interesting conversations, as I mentioned earlier, between S.A.A.L.M. members, ripped off a secure server, put on the Internet (much of it by Casbolt himself), taken down, but then retrieved from the Internet Archives. Fortunately, people were able to download this information in time before it even disappeared from the Wayback Machine.

I am not going to copy the whole thing here, as it can be conveniently read at "Bibliotecapleyades.net"^[25].

My next paper will continue the story about the WingMakers, the Labyrinth Group, the Corteum, and how they have set up their great deception. Let's add the "Anima Problem" and Blank Slate Technology (BST) to the mix.

[5a] Ashayana Deane [2002]: "Voyagers II", p.553.

[6] This claim has also been confirmed by the Pleiadian renegade group, whom Barbara Marciniak is channeling, in the book, "Bringers of the Dawn", (1992). Most researchers into human origins today subscribe to this theory by now. However, they were not the only ones who were seeding us, and the best probability is that the Pleiadians (WingMakers) did so together with a humanoid group of giants from the Lyran star system.

[7] Again, here is more confirmation on what was told to us by the same above Pleiadian Group. When the Anunnaki from Nibiru came down to Earth to manipulate our DNA, the "Living Library" was already well developed, but was hijacked by the Anunnaki. For more info, see "Bringers of the Dawn".
